

During this magical time of year, we are thankful for those who have given hope and healing to thousands of children.

Your generosity has enabled Shriners Hospital for Children to provide care to more than 140,000 children this year alone.

Because of you, our patients will be celebrating a life transformed and a childhood renewed this holiday season.

On behalf of Shriners Hospitals for Children, thank you for your support.

*Stephanie P. Herron, MPA
